2	19/05/17	Update to include details of 'for cause' testing
3	03/07/20	Section on records keeping added

1. ALCOHOL AND DRUGS POLICY STATEMENT

Being under the influence of alcohol or drugs can seriously impair an individual's judgement and reactions leading to an increased risk of accidents and injuries occurring.

Robert Walpole and Partners has a zero-tolerance policy on the misuse of alcohol or drugs by all employees. This is based on the safety risks and on our obligations under the Transport and Works Act 1992 as well as relevant industry standards and guidance (in particular Network Rail Drugs and Alcohol Policy NR/L1/OHS/051, LU Alcohol and Work standard S1251, LU Drugs and Work standard S1257).

The policy sets strict limits and any individual in any part of the business, no matter what sort of work they do, found to be under the influence of alcohol or drugs while at work will be subject to disciplinary action. Normally this results in dismissal. The policy covers over-the-counter and prescription medication as well as illegal drugs.

The Alcohol and Drugs Policy Statement will be reviewed annually by the partners and revised as circumstances require.

All staff will be briefed on this policy statement.

Signed: _____

M.J. Walpole
Partner

Date: 03.07.20

2. ALCOHOL

Robert Walpole and Partners (RWP) has decided that to minimise any safety risks to customers and employees, it will have a ZERO alcohol policy. All employees must meet following requirements:

- No alcohol consumption whilst on duty or during breaks in the working day even if the meal break is spent away from company premises.
- Limit alcohol consumption whilst off duty to ensure that they are not under the influence of alcohol in any way when reporting for duty or carrying out work for the company.

Follow guidance in Table 1 to ensure starting work with zero alcohol blood level.

Table 1: ALCOHOL CONSUMPTION GUIDANCE

16-8 hours before starting work	8 hours before starting work	8 hours of work
Maximum 7 units consumption	Zero consumption	Zero consumption

3. DRUGS

Drugs may cause drowsiness and impair performance. Robert Walpole and Partners will not allow staff to work if they are or appear to be under the influence of alcohol or drugs. Staff can face dismissal and loss of pay.

Any member of staff taking prescribed drugs that may affect their working day should inform the RWP Safety Officer as soon as possible to enable an individual risk assessment. This will be followed by advice, guidance or instruction on any restrictions based on the medication as well as medical fitness issues.

Table 2: DRUGS CONSUMPTION GUIDANCE

Illegal drugs	Absolute prohibition
Prescribed or “over the counter” drugs	Staff to ask doctor or chemist if they are taking any medication which affects their ability to work safely and advise Safety Officer

4. TESTING

Compliance with this policy will be monitored via unannounced testing of urine and breath on a selected sample of employees, who will not be informed in advance. This will be undertaken at work location(s) during the course of employees' duties. A minimum of 5% of employees will be tested annually [A30].

Where required a pre-sponsorship drugs and alcohol screening will be completed by the Approved Medical Provider as described in Sentinel Scheme Rules.

Additional requirements for drugs and alcohol testing might be specified following an accident or incident, or if a staff member is suspected of being under the influence of drugs or alcohol whilst working. This is called 'for cause' testing. Robert Walpole and Partners employs the following organisation to undertake 'for cause' testing:

Express Medicals

8 City Business Centre, Lower Road, London, SE16 2XB

Phone: 020 7500 6900 (General business number)

Phone: 020 7394 8057 (24 hour 'for cause' hotline)

To request 'for cause' testing the 24 hour hotline above should be used, providing the name of our company, type of test (e.g. LUL, NR, Crossrail), on-site contact details and the address of the request.

All testing of any kind will be in accordance with relevant industry standards.

5. INVESTIGATIONS AND RIGHT TO APPEAL

Employees have a right to appeal positive test results if they believe that the test result is incorrect or if they can demonstrate that they were not aware at the time of the test that they had consumed drugs or alcohol. Robert Walpole and Partners' Investigation and Grievance Process (part 21 of the RWP Office Manual) will be followed in all such cases.

6. RECORDS

All test records will be held on file for a minimum period of 10 years (from the date of the test). Records of positive tests shall be retained indefinitely.
